THE ARTIST'S VALENTINE, 2010 FUNDRAISING FOR ARTISTS, BY ARTISTS

Artists: Make Valentines, have fun and win a cash award!
QUESTIONS? CONTACT US THROUGH WWW.ARTVAL.ORG

ARTISTS from many different disciplines make Valentines and we offer them for sale at a party at Kalliroscope Gallery in Groton, Mass, among other locations.

The Valentines, (which can be of almost any reasonably durable medium— wood is fine, margarine is not . . . you get the idea) range in price from \$3 to \$300. Artists supply envelopes, boxes, or other suitable mailing containers.

Proceeds from the annual Valentine sale are used to fund a juried grant competition for artists. Artists who have participated in *The Artist's Valentine* are eligible to apply for money to further their art. The awards are made through the jurying of digital images, not of Valentines, but rather of the artist's professional work. There is no entry fee, but each entrant must make us some Valentines! Although the Valentines are often unsigned, (you may sign the work if you prefer) please include a separate index card with your name, address, phone numbers, email address, and "Artist 2010" so we can send out the entry form (usually by the first week of March.) Results of the jurying will be emailed by the end of May.

- Awards are based on merit, not need.
- All work submitted for jurying must have been completed in the previous four years.
- No resume is necessary.

In 1995, as a kickoff to the project, Paul Matisse created a musical sculpture — *Forest Bells* — which is installed in a Groton woodland.

Jurors since then have included Lois Tarlow, Bernard Toale, Barbara Krakow, David Aronson, Gretchen Keyworth, Rebecca Reynolds, Pamela Clark Cochrane, Nick Capasso, James Hull, Lisa Tung, Ann Wilson Lloyd, Joseph Carroll and Allison Kemmerer.
